CAREER SUMMARY

I have versatile background in design and software development. I enjoy working in a creative agile environment with multi-cultural teams. My professional interests lie in the areas of user experience, web design, front-end development, interaction design, prototyping, graphic design, fintech, and a wide range of branding along with agile project management including scrum, Kanban, and so on.

EXPERIENCE

UI/UX Developer

Cesim Oy. (Helsinki) June 2018 – Dec 2018

Introduce new user interface based on exiting Cesim products. Develop the interface using the latest front-end technology (HTML, CSS, SCSS, JavaScript). Support most common browsers and a wide range of devices for Cesim business simulations.

UI Designer

Kite Games Studio Ltd. (Dhaka) Jan 2017 – July 2017

I researched and developed new ideas based on the current trend of IOS and Android application. Delivered 6+ IOS applications, where I have used Adobe CC and Invision to create mockup and prototype.

UX Designer and Front-end Developer

Nuspay International (Dhaka) July 2014 – Dec 2016

I researched existing banking products and develop new ideas to create wireframes, UI design, prototyping, website design and front-end development for the fintech web.

Graphic Designer

Avery Dennison Bangladesh Ltd (Dhaka) Dec 2010 - July 2013

Designed branding tags for the garments products with diverse clients like Walmart, H&M, C&A and make ready for the final production in HP Indigo press. Adobe illustrator, Photoshop, InDesign, Automation tools have been used.
